

For the Spirit of the City

The African American church has again taken a prophetic stance on behalf of all churches, calling us to prayer and ministry both to prevent the spread of HIV-AIDS and in support of those suffering from this illness.

Our common prayer is a blessing to all of us, and it is pleasing to God because we are answering his call not only to pray and minister, but to pray and minister together. Here in the Richmond Hill Community we are able to represent Christians from several dozen denominations, as we live together and pray together for the healing of our metropolitan city of Richmond and of all the world's cities. We have been blessed by the witness of many who have shared the mission of prayer with Balm In Gilead.

There is a balm in Gilead and it is exported throughout the world in power in the prayers of the faithful. Pray for healing; pray for reconciliation; pray for one another in the prevention and healing of HIV-AIDS.
