

The Progressive National Baptist Convention, Inc. and her member congregations join with The Balm In Gilead in praying for the those who are stricken by HIV/AIDS and other health disparities. Prayer is an act of advocacy before the throne of God. Prayer is education because during our prayer times our hearts are open to the revelation of God. When in prayer we listen to the hurts that heaven reveals to us and find ourselves in intense intercession for those who suffer.

All of our churches in the Progressive National Baptist Convention feel privileged to embrace the call to prayer. We feel privileged to embrace the call to educate our brothers and sisters about HIV/AIDS. Prayer works. Education works. We will do our utmost, in Jesus Name, to pray for results, healing for those who are sick and a cure of AIDS in America and around the world.
